24 exciting masterpieces

A first-of-its-kind collection of modern art portfolios **prepared especially for elementary and junior-high classroom teaching.** The series contains 24 exciting masterpieces of 20th-century painting printed in **lifelike full color** and mounted in large (12¾" x 16") portfolios. Each portfolio is a separate lesson in art enjoyment, containing **one painting and complete discussion notes** on the painting, the artist's life, and his other works. The Instructor Modern Art Series is the first comprehensive study of modern masters written in language and concepts **suited to young students** and classroom teaching. It is **an adventure in visual perception** that will spark original creativity and imagination as new worlds of expression and interpretation unfold. The series is ideal for classroom study, outstanding for bulletin boards, libraries, and art studios. A sturdy storage box is included.

ODDO

Symbol for exciting book ideas

ELEMENTARY OCEANOGRAPHY

- **ADRIFT ON A RAFT**
- **KILLER IN THE TRAP**
- **THE LOBSTER KING**
- **MYSTERY AT SALVAGE ROCK**

Written by Einar Olsen / Illustrated by Lee LeBlanc.

These four attractively illustrated books portray accurately the true nature of the ocean world: its inhabitants, some beautiful, some grotesque; its moods ranging from unforgettable violence to unbelievable gentleness. They encourage children to probe deeper into unknowns as man today probes into the dark reaches of the sea, seeking to broaden his own limited understanding.

- *All in full color / 48 pages / Cloth, reinforced binding.*
- *First run 40,000 copies.*
- *Second run planned for March, 1970.*
